

ILLUSTRATOR

Prepare a PDF for
print with **PSI**.

1. With your Illustrator file open, see the **Select** menu and click **All**.
2. Under the **Type** menu > select **Create Outlines** from the vertical menu.
4. To finish, click **File** > **Save As** a pdf* file type.
5. Email the file to customerservice@psi2go.net or upload to our ShareFile* account.
