

PUBLISHER

Pack and Go Wizard
prepare for **PSI**.

1. Click **File** > **Pack and Go** > **Take to a Commercial Printer***.
A wizard dialog box will open...
2. Fix items in the **Select an item to fix** area.
3. Click to **Convert** publication to another color mode*,
 - a. **Process Colors*** or
 - b. **Process Colors* plus spot colors***.
4. Near the bottom of the wizard under **Export** click **Create a PDF*** and Click **Save**.
5. Email the **PDF*** to customerservice@psi2go.net.

PSI can use a PDF for to print a finished publication. PSI, can also correct pictures for printing but **not** text or fonts. The compressed for that the Pack and Go Wizard produces includes all files that the printer needs to make changes and produce the final files for printing.
